PYROLYX PRESENTS ITSELF AT THE MUNICH CAPITAL MARKETS CONFERENCE

Munich, December 07, 2018 – To meet the increasing interest of investors, representatives of Pyrolyx AG will participate in the 26th Munich Capital Note Conference on December 11, 2018. Bernhard Meder (CEO) and Andy Stecher (CFO USA) will explain the Pyrolyx technology and the current developments in the company and in particular report on the new production plant in the USA. Afterwards they will be happy to answer questions of the conference participants.

About the Munich Capital Market Conference (MKK): GBC AG has been organizing capital market conferences for years. The majority of German listed issuers have already made use of the opportunity to present their companies. MKK, which takes place twice a year, is the largest investor conference for small and mid caps in southern Germany.

All information about the conference, the program and the registration form can be found at <https://mkk-konferenz.de/>.

About Pyrolyx AG

The Pyrolyx Group is the world leader in the extraction of rCB (recovered carbon black) from end-of-life tyres. rCB is used to manufacture new tyres as well as in the plastic, technical, rubber and masterbatch industries. The company's shares (WKN A2E4L4) are listed on the stock exchanges in Düsseldorf, Frankfurt and Stuttgart, and also traded on the electronic trading system Xetra and the ASX (Australian Stock Exchange) (ASX:PLX).
